The Planning and Building

The units are architecturally designed by Karen Davis FRAIA, who has extensive experience with Independent Living Units, Aged Care, and private developments. Returning to Tasmania, Karen has been a principal in private practice since 1992. Karen has worked extensively in aged care design and commercial interiors. Karen is an active member of the Tasmanian architectural community, past President of the Tasmanian Chapter of the Australian Institute of Architects and past National Councilor of the Australian Institute of Architects.

The Builder for this project is Taswide, a local Tasmanian company with excellent credentials and experience in this type and size project.
